## Construction Underway on Palmetto Commerce Parkway Interchange Project

Project website: <https://www.palmettocommerceinterchange.com/>

Crews have started construction on the Palmetto Commerce Interchange project. Drivers are asked to be extra careful when driving through the construction area on Weber Boulevard and Blue House Road. There will be equipment coming in and out of that area and crews along the side of the road. Drivers are asked to slow down and be mindful of workers in the area.

The new interchange will provide access to existing and planned developments directly from I-26. It also includes a 10-foot shared multiuse path that will improve mobility and accessibility options for the surrounding communities by providing connectivity between Weber Boulevard and Otranto Road. The project is scheduled to be substantially complete by the end of 2025 and fully complete in early 2026.
