Traffic Alert: Nighttime Lane Closures for the Rivers Avenue Turn Lanes at Ashley Phosphate Road Improvements Project

[Charleston County Government](http://www.charlestoncounty.org) announces nighttime lane closures will occur on Rivers Avenue in both directions for the Rivers Avenue Turn Lanes at Ashley Phosphate Road Improvements Project. Sections of the northbound and southbound inside lanes of Rivers Avenue will be closed between Ashley Phosphate Road and Max Baker Boulevard. Crews will be utilizing flagging operations to control traffic while placing reflective pavement markings on Rivers Avenue. This operation is expected to last one night. All work is weather permitting.

At no time will the entire roadway be blocked to traffic.

September 24

- Nighttime lane closures will occur on Rivers Avenue Sunday night between 10 p.m. and 5 a.m.
- Flagmen will be on site to control traffic.
- At least one lane in each direction will remain open to traffic under flagging operations.
- Drivers traveling through the project's construction zone are asked to be aware of equipment and crews working in the area at all times.

The Rivers Avenue at Ashley Phosphate Road Turn Lane Improvements Project adds approximately 900' in length to the two left turn lanes on northbound Rivers Avenue that turn on to Ashley Phosphate Road. It also modifies the Rivers Avenue median crossing at Dunlap Street and constructs a new median crossing approximately 600' south of Dunlap.
