RESOURCE
PARTNERS

The Stimulus Bill is a golden opportunity for physicians to get paid to realize the full benefits of a modern EHR system.

Over $29 billion has been dedicated to healthcare information technology in the Health Information Technology for Economic and Clinical Health Act signed into law on February 17, 2009 as part of the American Recovery and Reinvestment Act.

How can you participate?

- *Use certified EHR technology that includes electronic prescribing; and*

- *Use EHR technology that allows electronic exchange of health information; and*

- *Use EHR to report back quality measures to Department of Health and Human Services*
