## Traffic Alert: Road Work on East Frontage Road Extended Due to Weather

[Charleston County Government](#) announces a traffic alert extension as part of the [Johnnie Dodds Boulevard Improvements Project](#) in Mount Pleasant that will affect East Frontage Road and Bowman Road beginning Friday, Feb. 11.

### East Frontage Road Closure (South of Bowman Road):

Nighttime road closures extended through Monday, Feb. 21 as follows:

- Drivers should expect a road closure on East Frontage Road next to Nason Medical Center to continue for each night from Feb. 11 - 21 between 9 p.m. and 6 a.m.
- During construction, East Frontage Road will be limited to local traffic between Bowman Road and Anna Knapp Boulevard.
- Vehicles may access businesses that are located along East Frontage Road from Anna Knapp Boulevard.
- If the weather is poor on these dates, the work will be completed on the next weather-permitting dates.

### East Frontage Road Closure (North of Bowman Road):

Nighttime road closures extended through Monday, Feb. 21 as follows:

- A section of East Frontage Road from north of The Bicycle Shoppe driveway (1539 East Frontage Road) to north of the first driveway at Hertz Car Rental (1561 East Frontage Road) will remain closed until approximately Monday, Feb. 21.
- The road will reopen early if crews finish ahead of schedule, however, if the weather is poor, the road closure may exceed the expected time period.
- During this construction, drivers will be able to access businesses located within the road closure limits at all times.

### Background Information on the Project:

- The goal of the project, which is expected to be completed in the fall of 2012, is to improve the traffic flow in and out of Mount Pleasant, especially before and after school and work hours.
- The project is funded by the [Charleston County Transportation Sales Tax](#) and managed by [Charleston County Government's](#) RoadWise Program, in close coordination with the [Town of Mount Pleasant](#) and the [S.C. Department of Transportation](#).
- Drivers traveling through the project area are asked to be aware of equipment and crews working in the area. Alternative routes are recommended if possible. The public is also asked to notice traffic control signs, reductions in speed limit and message board

information, and to note that all road work is dependent on the weather. Every effort is being made to schedule necessary lane closures for the project during off- peak, nighttime and weekend hours when possible.

- This map indicates the three ongoing projects on U.S. 17 and the authority responsible for each project, including the County's work on Johnnie Dodds Boulevard:
