Traffic Alert: Nighttime Lane Closures on Ashley Phosphate Changed to March 6-8

[Charleston County Government](#) advises the public of a change in plans for nighttime lane closure on the [Palmetto Commerce Parkway, Phase II](#) project in North Charleston as follows:

- The closure will occur between 9 p.m. and 6 a.m. on Ashley Phosphate Road at the North Spartan Road intersection from Sunday, March 6 through Tuesday, March 8 (the work was originally scheduled for March 2-3, but only a portion of the work was completed during that time).
- Only one lane at a time will be shut down in order to install asphalt on North Spartan Road. The new stop lights at the intersection have already been activated.
- During the asphalt installation, trucks with lighted flashing arrows and signs will be on site to warn drivers of the lane closure.
- At no time will the entire roadway be shut down to traffic.
- Drivers should be aware of heavy construction equipment entering and exiting the project site at the existing Palmetto Commerce Parkway and at North Spartan Road off Ashley Phosphate Road.
- If the weather is poor during any time on March 6-8, the work will be completed during the same timeframe on the next weather-permitting evening.

The project is funded by the [Charleston County Transportation Sales Tax](#) and managed by Charleston County Government's RoadWise Program.

The public can get up-to-date project information, including construction status and traffic alerts, online at http://www.ccroadwise.org/palmetto_2.html.
