### **BACKGROUND ON THE PROJECT:**

- Construction on the project began in January 2011. The goal of the project is to improve traffic flow, drainage, and pedestrian and bicyclist mobility.
- The project, which is expected to be completed in May of 2011, is funded by the [Charleston County Transportation Sales Tax](#) and managed by [Charleston County Government](#)'s RoadWise Program, in close coordination with the [City of Charleston](#) and the [S.C. Department of Transportation](#).
- The U.S. 17/S.C. 61/Wesley Drive Improvements Project includes improvements to Folly Road from south of Windermere Boulevard (Wappoo Bridge side) starting at Yeaman Road and continuing up Wesley Drive to St. Andrews Boulevard (S.C. 61).

- The project also includes improvements to Folly Road Boulevard from Windermere Boulevard up to Albemarle Road.
- Every effort is being made to schedule necessary lane closures for the project during off-peak, nighttime and weekend hours when possible to minimize effects on traffic.
- Some lane closures may be scheduled during the day on selected weekends.
- Advance notice of all lane closures will be provided to the media.
- The U.S.17/S.C.61/Wesley Drive project was requested by the [City of Charleston](#) and approved by voters in [the first bond referendum](#). The voters of Charleston County authorized the County to issue \$77 million in bonds, which will be repaid through Transportation Sales Tax revenues. The entire amount of the first bond referendum is allocated for the following transportation improvement projects:
  - [Folly Road and Maybank Highway Intersection Improvements](#)
