

SUSTAINABLE STEPS

Brought to you by Arielle Gerstein
Sustainability Coordinator

Greenhouse Gas Inventory Webinar hosted by MUSC

Charleston County's Sustainability Coordinator Arielle Gerstein will discuss findings from the County's newly released first Greenhouse Gas Inventory which provides greenhouse gas emissions data for the entire County, County government, and separate data about municipalities within the County. This inventory will be used as a starting point for planning and implementing actions to reduce these emissions.

The presentation will take place virtually on September 14, 2022 at 12 p.m. EST.

The Hope Summit 2022: Charleston Conservation Festival

Join your Charleston hub of Sustainable Ocean Alliance and the Lowcountry Marine Mammal Network for an afternoon celebration of collaboration and hope at Brewlab from 12-4 p.m. on Saturday, September 24.

Discover a broad and diverse coalition of regional environmental, community, and educational organizations and find your perfect match for ways you can get involved. Network, socialize, and enjoy the great selection of food and beverages.

This is a family-friendly event.

Parking is available in the lot next to Brewlab and at Cooper River Brewing Company.
