Special Event Guidelines

The **Special Event Beer & Wine Permit (TBP)** authorizes the sale of beer and wine at special events for consumption on the licensed premises.

The **Special Event Alcoholic Liquors License (TLP)** authorizes the sale of alcoholic liquors at bona fide nonprofit events for consumption on the licensed premises. This permit is issued to nonprofit organizations only. To be eligible for this permit a nonprofit organization must have an eleemosynary charter from, or be a political party affiliate certified by, the South Carolina Secretary of State's office.

Special events cannot exceed 15 consecutive days per SC Code Section 61-4-550(A). Events continuing beyond 11:59 PM require an additional day's fee.

If the special event has outside vendors within the event, each location allowing the sale of liquor is required to obtain a Special Event License.

Liquor is required to be confined to the specific area from which it is sold. Fencing, signs, and bike racks are a few ways the area can be defined.

SC Code of Regs 7-202.3 states:

- The premises of a nonprofit organization must be separate from the premises of any business operation, including businesses licensed to sell liquor by the drink.
- The premises of a nonprofit organization are considered separate if the organization has its own address and separate entrance, and is not connected with another business premises by common doorways or passageways, either interior or exterior.

Special events where a license and/or permit is not required

A license or permit is not required if a person or entity provides beer, wine, and/or liquor at a function free of charge and free of any consideration whatsoever. This is referred to as an unlicensed social function.

An unlicensed social function is an event of a noncommercial nature where admission is not charged, and beer, wine, or liquor is being consumed, but not sold, and the person having the function does not have a beer and wine permit or liquor license. A wedding reception where beer, wine, or liquor is being consumed is an example of an unlicensed social function. A bartender, caterer, or event hall may NOT provide the beer, wine, or liquor for this type of event to be considered an unlicensed social function

If you're not sure which Special Event License or Permit you need, see the **Special Event** pages at dor.sc.gov/tax/abl/licenses.

Frequently Asked Questions

Who should obtain the Special Nonprofit Event License or Special Event License?

If the host of the event is charging any fees where the alcohol is going to be provided, the host must obtain the Special Nonprofit Event License or Special Event License. The host, as the license holder, must acquire the beer and wine from a licensed wholesaler and liquor from a licensed Class B Retail Liquor Store. The host may hire someone to tend the bar only.

When a bartender, caterer, event hall, or other businesses provides the alcohol, they would be required to obtain the license instead of the host.

How long does it take to get a special event license?

Special event applications must be submitted at least 3 days prior to the event. The earlier we receive an application, the more time we have to resolve any issues that may arise.

Can I have liquor moving freely at my special event?

If you have multiple stations set up with outside vendors for an event, you must keep the liquor within the confined area from which it is sold. However, if there will not be any outside vendors present, liquor is allowed to move freely throughout the event space.

Per Regulation 7-202.3:

1. The premises of a nonprofit organization must be separate from the premises of any business operation, including business establishments licensed to sell alcoholic liquor by the drink.
2. The premises of a nonprofit organization will be deemed separate if the organization has its own address and separate entrance, and is not connected with another business premises by common doorways or passageways, whether interior or exterior.

May I purchase beer, wine and/or liquor from a retail store?

No. Once you obtain a special event license you become a retailer and all beer, wine, and liquor must be purchased from an SC licensed wholesaler.

If I am having my event at a location that holds only a beer and wine permit may I obtain the special event for liquor and use the locations beer and wine permit?

No. In order to have a special event at a license location the location must lease the area to the event holder, that lease will render their beer and wine license invalid during the leased period. The beer, wine, and/or liquor must be provided by the same entity

Can I sell tickets to an event and allow a nonprofit to obtain the permit if I am going to donate the proceeds to them?

No. The entity that collects the money must be the same as the one who holds the license.

Can I get a special event for my home?

No. We do not license personal residences.

What is a Special Event?

The Charleston County Zoning and Land Development Regulations Ordinance (ZLDR) defines a Special Event as: "Any activity that involves public assembly for which one or more of the following apply: (1) there is an admission fee or leasing fee; (2) there is controlled or ticketed entry; and/or (3) goods and/or services (e.g., food and drink) are available for purchase. Special Events include, but are not limited to, events held on private properties and properties owned by membership based organizations and businesses. This definition does not include private parties or private functions, including neighborhood gatherings, that do not meet the above stated criteria; however, community-wide events organized by non-profit or for-profit businesses or organizations, individuals, or groups are considered Special Events."

Indoor Special Events

Zoning permits are not required for indoor special events in legally established businesses in commercial and industrial zoning districts and public facilities or civic facilities such as: hotels/motels, convention centers; social lodges; assembly halls; religious facilities; fairgrounds; federal, state, and county parks, and similar facilities legally established and authorized to hold special events.

Special Event Permits

If an applicant wishes to host a special event, a zoning permit is required prior to the start of the special event and must be maintained for the duration of the event. Site plan review and/or special exception approval may be required prior to issuance of zoning permits for special events. It is recommended that the permit process be started **at least** 45 days in advance of your event, and further in advance if site plan review and/or special exception approval is required. Following zoning permit approval, a valid Charleston County Business License is required. Building permits may also be required. The Temporary Special Events application can be found online at the Zoning and Planning Department's website.

Limitations for Temporary Special Events

Temporary special event permits may be issued only if the activity complies with all applicable requirements of the ZLDR, including but not limited to, provision of adequate parking and sanitary facilities. Temporary special events permits shall not be issued for periods in excess of 10 consecutive days, and no more than five such permits may be issued per lot per calendar year, except as otherwise allowed pursuant to the ZLDR. Any temporary special event utilizing 25 acres of land or more shall require special exception approval from the Board of Zoning Appeals. Additional requirements for temporary special events in agricultural and residential zoning districts apply.

Temporary Special Events on Properties in the Agricultural & Residential Zoning Districts

The following requirements apply to temporary special events in the agricultural and residential zoning districts in addition to all other applicable requirements:

- A maximum of five (5) Temporary Special Events permits may be issued per lot, per calendar year.
- Each permit shall be valid for a maximum of three consecutive days and is only valid for a single event. Multiple events within the same three-day period require separate permits.
- Daily attendance in the AG-15, AGR, RR, S-3, R-4, UR, MHS, and MHP zoning districts is limited to 500.
- Daily attendance in the RM, AG-10, and AG-8 zoning districts is limited to 2,000.
- The maximum number of temporary special event permits allowed per calendar year and/or maximum daily attendance may only be increased if the requirements listed in ZLDR Sec. 6.7.3.E, as well as all other applicable requirements of the ZLDR, are met and the request is approved in accordance with the special exception procedures contained in the ZLDR. If approved by the Board of Zoning Appeals, the approval is only valid for one calendar year from the date of zoning permit issuance.

Outdoor Special Events

With the exception of special events at federal, state, and county parks and legally established fairgrounds, outdoor special events must comply with ZLDR Sec. 6.7.3, *Temporary Special Events*, and a zoning permit is required. All outdoor special event activities are subject to the County's livability and noise ordinances. Any outdoor special event activity, as defined by the ZLDR, whether an accessory to an existing business, or on vacant undeveloped property, which is located within 500 feet of the property line of a residentially developed parcel, shall cease all music and all loud noise that is above 70db(A) no later than 11:00 p.m.; otherwise, special exception approval is required.

Special Events in Commercial & Industrial Districts

Special Events in commercial and industrial zoning districts shall comply with all requirements of ZLDR Sec. 6.7.5, *Outdoor Special Events*.
