Planned Development (PD-102)**

Case 3225-C

The following items, when combined with the Development Guidelines, will govern the zoning requirements for Planned Development 102:

The intent of this planned development is to create one additional residential lot to be subdivided from the property.

1. Land Use: The proposed development will consist of two residential lots. All uses in the AG-15 Zoning District, as spelled out in the Charleston County Zoning and Land Development Regulations, shall be allowed.
2. Setback Criteria: Density, intensity, and dimensional standards will remain equivalent to those of the AG-15 Zoning District.

Waterfront development standards for additional lot:

Minimum lot area	1 acre
Minimum lot width	135 feet

Minimum lot width average

OCRM Critical Line Buffer	35 feet
Building setback from OCRM Critical Line	50 feet

3. If the granting of permits by other governmental agencies requires changes to the Development Guidelines, an amendment to this Planned Development will be required.
4. Utilities and Services will be provided in accordance with the Development Guidelines.
5. The Charleston County Zoning and Land Development Regulations will apply to all areas of this Planned Development not covered by the Development Guidelines.
6. This agreement will become effective immediately after third reading.
