

October 2012

Audrey Whetsell selected as new Cabinet member to the Patient Centered Primary Care Collaborative's Patients, Families and Consumers Center (www.pcpcc.net). The Patients, Families and Consumers Center works to ensure the medical home model is truly patient-centered by facilitating consumer involvement and leadership in the design and evaluation of the PCMH. The Center promotes strategies to involve patients and families as partners in practice transformation efforts and as ongoing advisers to primary care practices. The Center disseminates tools, resources and materials that can be used to enhance the role of the consumer as an integral part of the care team as well as improve their capacity to be involved in their own care.
